

Endoworx Endotest Product as at 1st July 2023-2024

Price list is set up per scope diameter sizes. We carry 3 size kits in a number of scope compatibilities. Kits are supplied in cartons of 6 **per scope diameter size**

8-14mm Pot kits for large diameter scopes, predominately col and gas scopes

4-8mm Pot Kits for a selection of scopes such as bronchs, cystos, intubation and some slim line gas scopes

1-4mm Pot kits for small diameter scopes

Each kit is supplied with all items required to test 1 scope and each kit is 1 use only. All items are sterile

Each kit comes with:

- Collection Pot (scope diameter dependent)
- Accessory Kit (scope dependent)
- Brushes (channel and/or tip, balloon)
- Micro Bag for lab delivery

Codes we use represent the type of kit. To help understand our codes see below

Kit Code	IE: 727-ET0301 S	ET	Stands for Endotest
		03 or 02 or 01	Stands for Pot size (03 = 8-14mm, 02 = 4-8mm, 01 = 1-4mm)
		01 or last 2 digits	Stands for Accessory kit code (01 to 49 = Olympus Kits)
			Stands for Accessory kit code (50 to 79 = Pentax Kits)
			Stands for Accessory kit code (80 to 100 = Storz, Fujinon Etc)
		S	<i>Stands for the transfer vessel (120ml jar) to be supplied if required</i>

Note: Codes can be mixed to make up a carton of 6 units, but must be within the same scope diameter size. - exception 4-8mm and 1-4mm kits - refer below

Any 8-14mm kit codes can be mixed codes totalling cartons of 6

Any 4-8mm and 1-4mm kit codes can be mixed codes totalling cartons of 6

Refer to scope compatibility list for kits available, also available on our **Web page Endoworx.com.au**

If you need further help please contact us at any time

Please refer to scope compatibility list for correct order codes

8-14MM ENDOTEST SCOPE KITS

Each kit is supplied with a collection pot, accessory kit, brush & microbiological bag, please refer to separate scope compatibility list for correct order code

MIN ORDER QUANTITY 6 UNITS
Supplied in cartons of 6 kits. Cartons can be made using of a mix of any of the following 8-14mm ET03xx codes

**** Code ending in 'S' includes a specimen transfer jar and is for departments that require air freighting to the testing labs, use pneumatic transport suction systems to deliver samples or your lab requested the use of the transfer jar**

Endoworx Order Code	Use code below if a specimen transfer jar is required		Description	U/M
OLYMPUS SCOPES			<i>Transfer Jar only supplied with order codes using (S)</i>	
727-ET0301	727-ET0301S		Endotest Olympus Colonoscope/Gastroscope Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK01, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0302	727-ET0302S	GIF-XTQ160	Endotest Olympus Gastroscope Test Kit w/6mm channel for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK02, 1 x transfer jar, 1 x 5mm-2400L brush, 1 x 10mm brush)	Ea
727-ET0304	727-ET0304S		Endotest Olympus Gastroscope Dual Channel Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK04, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0307	727-ET0307S	UE160-AL5	Endotest Olympus Radial Ultrasound Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK07, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0308	727-ET0308S	UCT140/180	Endotest Olympus Linear Ultrasound Test Kit for 8-14mm Diam. Scopes (with Tip Brush) (Kit made up of 1 x CP-ET03, 1 x AK-ETAK08, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0315	727-ET0315S		Endotest Olympus Duodenoscope Test Kit for 8-14mm Diam. Scopes (with Tip Brush) (Kit made up of 1 x CP-ET03, 1 x AK-ETAK15, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
PENTAX SCOPES			<i>Transfer Jar only supplied with order codes using (S)</i>	
727-ET0350	727-ET0350S		Endotest Pentax Colonoscope/Gastroscope Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK50, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0351	727-ET0351S		Endotest Pentax Gastroscope Dual Channel Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK51, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0354	727-ET0354S		Endotest Pentax Gastroscope Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK54, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0356	727-ET0356S		Endotest Pentax Duodenoscope Test Kit for 8-14mm Diam. Scopes (with Tip Brush) (Kit made up of 1 x CP-ET03, 1 x AK-ETAK56, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0357	727-ET0357S		Endotest Pentax EUS Radial Ultrasound Test Kit for 8-14mm Diam. Scopes (Kit made up of 1 x CP-ET03, 1 x AK-ETAK57, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea
727-ET0358	727-ET0358S		Endotest Pentax EUS Linear Ultrasound Test Kit for 8-14mm Diam. Scopes (with Tip Brush) (Kit made up of 1 x CP-ET03, 1 x AK-ETAK58, 1 x transfer jar, 1 x 5mm-2400L brush)	Ea

Min Order Quantity 6, made up of any of the 8-14mm (ET03xx codes)

Please refer to scope compatibility list for correct order codes

8-14MM ENDOTEST SCOPE KITS

Each kit is supplied with a collection pot, accessory kit, brush & microbiological bag, please refer to separate scope compatibility list for correct order code

MIN ORDER QUANTITY 6 UNITS
Supplied in cartons of 6 kits. Cartons can be made using of a mix of any of the following 8-14mm ET03xx codes

**** Code ending in 'S' includes a specimen transfer jar and is for departments that require air freighting to the testing labs, use pneumatic transport suction systems to deliver samples or your lab requested the use of the transfer jar**
